CONDIZIONI DI VENDITA - Condizioni generali di vendita

1- Ambito di applicazione

Le presenti Condizioni Generali di Vendita (denominate d'ora in poi: "Condizioni") si applicheranno automaticamente a tutte le forniture (d'ora in poi: "Fornitura" o "Forniture") che saranno effettuate dalla Trelleborg Wheel Systems SpA (d'ora in poi: "TWS") a ciascuno dei propri Clienti (d'ora in poi: "Cliente" o "Clienti"), salve solamente le diverse e/o comunque ulteriori pattuizioni che possano essere con essi concordate per iscritto.

2- Modalità di esecuzione delle Forniture

TWS avrà la piena ed incondizionata facoltà di accettare o meno, in tutto o in parte, gli ordini che saranno emessi di volta in volta dal Cliente (d'ora in poi:"Ordine" o "Ordini").

Si precisa comunque sin da ora che i termini di consegna dei prodotti (d'ora in poi: "Prodotti") indicati in ciascun Ordine non saranno essenziali e che l'elencazione dei quantitativi di Prodotti contenuta nell'Ordine stesso avra' valore solamente indicativo.

Una volta accettato un Ordine, TWS si adoperera' pertanto per darvi corso nel minor tempo e nel modo piu' completo possibili, compatibilmente con le proprie esigenze organizzative e commerciali, ma senza alcuna sua responsabilità per l'ipotesi di riduzione dei quantitativi di Prodotti forniti, di ritardo nella Fornitura o di frazionamento della stessa in più consegne.

3- Prezzi

I prezzi dei Prodotti forniti saranno quelli indicati nel contratto di fornitura risultante da un Ordine accettato (d'ora in poi:"Contratto di Fornitura"). Resta tuttavia inteso che qualora nel periodo intercorrente tra la data della conclusione del Contratto di Fornitura e quella della consegna dei Prodotti intervenga un aumento dei prezzi indicati nei listini di TWS, questa informera' tempestivamente il Cliente, che entro una settimana dal ricevimento di tale informazione avra' facolta' di recedere dal Contratto di Fornitura dando comunicazione in tal senso a TWS. In difetto di tale recesso, i prezzi concordati nel Contratto di Fornitura s'intenderanno maggiorati in misura pari all'aumento evidenziato nei nuovi listini.

4- Consegna

Salvo diversi accordi, la consegna avviene franco magazzino della TWS con la comunicazione al Cliente che i Prodotti sono pronti per il ritiro da parte sua, ovvero (ai sensi dell'art.1510, secondo comma c.c.) con la loro consegna da parte di TWS al vettore o spedizioniere indicato dal Cliente o, in difetto, designato da TWS; poiche' una volta usciti dal magazzino i Prodotti viaggiano a spese, rischio e pericolo del Cliente, qualora questi intenda assicurarli durante il trasporto dovra' comunicarlo alla TWS al momento dell'Ordine e prendere poi le iniziative necessarie.

5- Pagamenti

Il prezzo dei Prodotti dovra' essere pagato alla TWS improrogabilmente entro il termine indicato nella fattura o in altro documento contabile, indipendentemente dalla data della consegna dei Prodotti al Cliente medesimo.

Il mancato pagamento entro le dette scadenze comporterà (a) la decadenza automatica del Cliente dal beneficio del termine relativamente a tutte le Forniture gia' effettuategli, il cui prezzo diverra' cosi' immediatamente esigibile, nonche' (b) l'obbligo del Cliente di corrispondere interessi di mora, nella misura del tasso ufficiale di sconto via via in vigore maggiorato di cinque punti percentuali (comunque entro il limite massimo stabilito dalle norme di tempo in tempo vigenti), dalle date di scadenza sino all'effettivo pagamento e (c) il diritto della TWS di recedere da ogni altro Contratto di Fornitura non ancora eseguito, eventualmente concluso con il Cliente in questione.

6- Esportazioni

É fatto divieto al Cliente di esportare i Prodotti in Paesi non facenti parte dell'Unione Europea, o di cedere i Prodotti stessi a terzi che a loro volta li esportino in detti Paesi.

7- Comunicazioni tra le parti - Mutamenti relativi al Cliente

Qualsiasi comunicazione che una parte dia all'altra comunque in relazione ad un Contratto di Fornitura e/o alle Condizioni Generali di Vendita che lo regolano, dovra' essere fatta per iscritto e recapitata a mezzo posta, a mano o per fax, se a TWS, presso la sua sede, se al Cliente, all'indirizzo risultante dal Contratto di Fornitura o – in caso di variazione - successivamente comunicato.

Il Cliente é tenuto a dare sollecitamente comunicazione a TWS di ogni eventuale mutamento della propria denominazione, ragione sociale, compagine societaria, cessione od affitto d'azienda o variazione di partita IVA.

8- Modifiche delle Condizioni Generali di Vendita

TWS si riserva la possibilità di modificare in qualunque momento, in tutto in parte, le presenti Condizioni Generali di Vendita.

In detta evenienza TWS comunichera' le nuove Condizioni Generali di Vendita al Cliente, che avrà facoltà di recedere da eventuali Contratti di Fornitura non ancora eseguiti, informandone per iscritto TWS nei 15 (quindici) giorni successivi alla ricezione da parte del Cliente stesso della sopramenzionata comunicazione.

9- Rinvio

Per tutto quanto qui non espressamente previsto, si fa' riferimento alle norme di legge applicabili.

10- Foro Competente

Ogni eventuale controversia che dovesse insorgere comunque relativamente all'interpretazione e/o esecuzione di Ordini e/o Contratti di Fornitura, sarà devoluta alla competenza esclusiva del Foro di Roma.

NUOVI CONTRIBUTI PFU UNIVERGOMMA IN VIGORE DAL 01.01.2017

Univergomma è impegnata in un continuo processo di monitoraggio e costante sviluppo dei suoi processi aziendali per migliorarne la sostenibilità ambientale.
All'interno di questo mandato aziendale, Univergomma ha deciso di adempiere autonomamente a tutte le attività legate alla corretta gestione degli Pneumatici Fuori Uso (PFU) secondo quanto previsto dalla normativa vigente per effetto del D.M. n° 82 dell'11 Aprile 2011.
Per Univergomma questo rappresenta non solo la possibilità di contribuire direttamente alla risoluzione di un problema ambientale significativo, ma anche un'opportunità per dare ancor maggior vigore allo sviluppo, con soluzioni e prodotti che contribuiscano al raggiungimento di quegli obiettivi di riduzione di emissioni di gas serra e consumo di materie prime tali da rappresentare una sfida crescente.

TABELLA INDICI DI CARICO E CODICI DI VELOCITÀ

Nel rispetto della normativa E.T.R.T.O. (European Tyre and Rim Technical Organisation di cui BKT è membro), la massima capacità di carico e la massima velocità di impiego degli pneumatici sono espressi da indice di carico e codice di velocità.

ATTENZIONE!

Per posizionare i talloni degli pneumatici nelle loro sedi di alloggiamento non gonfiare mai oltre i 2,5 bar. Se i talloni non si sono correttamente posizionati utilizzando una pressione di 2,5 bar, sgonfiare lo pneumatico, riposizionarlo sul cerchio, lubrificare di nuovo e rigonfiare. Dopo aver posizionato i talloni, regolare la pressione di gonfiaggio al valore raccomandato. È pericoloso lasciar aumentare la pressione dell'aria durante il posizionamento dei talloni. Durante l'assestamento dei talloni, la pressione superiore a 2,5 bar può rompere i talloni stessi, o persino il cerchio, con forza sufficiente da provocare lesioni anche letali. Ispezionare entrambi i fianchi degli pneumatici, verificando che i talloni siano installati correttamente. In caso contrario, sgonfiare lo pneumatico, toglierlo dal cerchio e ripetere l'intera procedura di montaggio.

SBL RST* Pneumatici Resistenti alle stoppie

Tecnologia IF (Improved Flexion) permette una maggiore capacità di carico ad una pressione di gonfiaggio inferiore del 20%, rispetto ad uno pneumatico standard della stessa misura. La minor pressione assicura una maggiore superficie di appoggio a terra riducendo la compattazione del terreno.
